- Baffling Data Screed**
In your Shooting phase, when this unit is selected to shoot, if this unit is not battle-shocked, you can use this ability. If you do, roll one D6:

 - Or: On 2+, those ranged attacks do not prevent this unit from being hidden.
- Icon of War**
Fanatical Devotion: You can select one friendly Skitarii or Thulia Ghuld unit within 6" of this model; until the start of your next Command phase, that unit is eligible to shoot and declare a charge in a turn in which it Advanced.

Adaptive Tactics: You can select one friendly Skitarii or Thulia Ghuld unit within 6" of this model; until the start of your next Command phase, that unit is eligible to shoot and declare a charge in a turn in which it Fell Back.

The Fires of Mars: You can select one friendly Skitarii or Thulia Ghuld unit within 6" of this model; until the start of your next Command phase, the Conqueror Imperative and Protector Imperative are both active for that unit.

- Rod of the War Forge**

- Secutor of Olympus**
At the start of your Shooting phase, select one enemy Vehicle unit within 12" of this model and roll one D6: on a 2+, that enemy unit suffers D3+1 mortal wounds.

WEAPON ABILITIES

Blast
Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

Devastating Wounds
Each time an attack made with a **[DEVASTATING WOUNDS]** weapon results in a critical wound, the attack sequence for that attack ends and the target unit suffers a number of mortal wounds equal to the D characteristic of that weapon. These are inflicted after resolving any normal damage inflicted by those attacks.

Mortal wounds inflicted by **[DEVASTATING WOUNDS]** weapons can damage a maximum of one model for each critical wound; any remaining mortal wounds inflicted by that attack are lost.

*Example: An attack made with a **[DEVASTATING WOUNDS]** weapon with a D characteristic of 3 results in a critical wound against an Intercessor Squad, so inflicts 3 mortal wounds. The first 2 mortal wounds are sufficient to destroy 1 Intercessor model, so the remaining mortal wound is lost.*

Sustained Hits
This ability always takes the form **[SUSTAINED HITS X]**. Each time an attack made with a **[SUSTAINED HITS]** weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

*Example: An attack made with a **[SUSTAINED HITS 2]** weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the **[SUSTAINED HITS 2]** ability).*
