ABILITIES

Remorseless Barrage
In your Shooting phase, after this model has shot, if one or more of those attacks made with an **Indirect Fire** weapon scored a hit against an enemy unit, that unit must take a Battle-shock test (if an Infantry unit is hit by one or more attacks made by a multiple rocket launcher, they must subtract 1 from their Battle-shock test when doing so).

WEAPON ABILITIES

- Anti**
This ability always takes the form [ANTI-X Y+]. Each time an attack is made with an [ANTI] weapon, if the target unit has the keyword denoted by X, an unmodified wound roll of Y+ is a critical wound.
Example: An attack made with an [ANTI-VEHICLE 4+] weapon against a Vehicle unit will result in a critical wound on an unmodified wound roll of 4+, while an attack made with an [ANTI-PSYKER 2+] weapon against a Psyker unit will result in a critical wound on an unmodified wound roll of 2+.
- Blast**
Each time you gather attack dice for a [BLAST] weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form [BLAST X], each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.
Example: If a [BLAST 2] weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).
- Heavy**
In your Shooting phase, each time an attack is made with a [HEAVY] weapon, add 1 to the hit roll if all of the following apply to the attacking unit:
 - That unit is unengaged.
 - That unit was not set up on the battlefield this turn.
 - No model in that unit has moved more than 3" this turn.
- Indirect Fire**
Units containing one or more models with an [INDIRECT FIRE] weapon can shoot using indirect shooting (10.07).

- AUFSTELLUNG
- 1x Artillery Team (130mm)
- Equipped with:** Heavy mortar, Heavy quad launcher, Lasgun, Multiple rocket launcher, Siege cannon, Crew close combat weapons
- Wargear Options:**
 - This model can replace its Heavy mortar with Siege cannon, Multiple rocket launcher or Heavy quad launcher.

- Rapid Fire

This ability always takes the form [RAPID FIRE X]. Each time you gather attack dice for a [RAPID FIRE] weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

Example: If a [RAPID FIRE 1] weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).
- Twin-linked

Each time an attack is made with a [TWIN-LINKED] weapon, you can re-roll the wound roll.
