ABILITIES

- Damaged: 1-8 Wounds Remaining**
While this model has 1-8 wounds remaining, subtract 4 from its Objective Control characteristic and each time this model makes an attack, subtract 1 from the Hit roll.
- Titan-killer**
Each time this model makes a ranged attack with its volcano cannon that targets a Monster or Vehicle unit, that attack has the [DEVASTATING WOUNDS] ability.

WEAPON ABILITIES

- Blast**
Each time you gather attack dice for a [BLAST] weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form [BLAST X], each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.
Example: If a [BLAST 2] weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).
- Devastating Wounds**
Each time an attack made with a [DEVASTATING WOUNDS] weapon results in a critical wound, the attack sequence for that attack ends and the target unit suffers a number of mortal wounds equal to the D characteristic of that weapon. These are inflicted after resolving any normal damage inflicted by those attacks.
Mortal wounds inflicted by [DEVASTATING WOUNDS] weapons can damage a maximum of one model for each critical wound; any remaining mortal wounds inflicted by that attack are lost.
Example: An attack made with a [DEVASTATING WOUNDS] weapon with a D characteristic of 3 results in a critical wound against an Intercessor Squad, so inflicts 3 mortal wounds. The first 2 mortal wounds are sufficient to destroy 1 Intercessor model, so the remaining mortal wound is lost.
- Heavy**
In your Shooting phase, each time an attack is made with a [HEAVY] weapon, add 1 to the hit roll if all of the following apply to the attacking unit:
 - That unit is unengaged.
 - That unit was not set up on the battlefield this turn.
 - No model in that unit has moved more than 3" this turn.
- Ignores Cover**
Each time an attack is made with an [IGNORES COVER] weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

- AUFSTELLUNG
- 1x Shadowsword (Hull)
- Equipped with:** Lascannon, Twin heavy bolter, Twin heavy flamer, Volcano cannon, Armoured tracks
- Wargear Options:**
 - This model can replace its 2 Twin Heavy Flamers with 2 Twin Heavy Bolters.
 - This model can be equipped with one of: 2 Lascannons and 2 Twin Heavy Bolters, 2 Lascannons and 2 Twin Heavy Flamers.

KEYWORDS: Shadowsword, Imperium, Smoke, Vehicle, Titanic, Frame

FACTION KEYWORDS: Astra Militarum

- Sustained Hits

This ability always takes the form [SUSTAINED HITS X]. Each time an attack made with a [SUSTAINED HITS] weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

Example: An attack made with a [SUSTAINED HITS 2] weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the [SUSTAINED HITS 2] ability).
- Torrent

Each time an attack is made with a [TORRENT] weapon, that attack automatically hits the target.
- Twin-linked

Each time an attack is made with a [TWIN-LINKED] weapon, you can re-roll the wound roll.

CORE RULES

- Deadly Demise D6+2

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

Example: An Impulsor with a unit of Intercessors embarked within it is destroyed by ranged attacks. First, any unresolved attacks made by the attacking unit are resolved. Then the Intercessors make an emergency disembark move. Then the roll is made for the Deadly Demise ability, and on a 6, that ability is resolved. Finally, the Impulsor is removed from the battlefield.
