ABILITIES

- Storm Troopers

Each time a model in this unit makes an attack, re-roll a Wound roll of 1. If the target of that attack is an enemy unit within range of an objective marker, you can re-roll the Wound roll instead.
- Unit Composition

This unit can have up to two Leader units attached to it, provided no more than one of those units is a Command Squad unit. If it does, and this Bodyguard unit is destroyed, the Leader units attached to it become separate units, with their original Starting Strengths.
- Vox-caster

Each time you target the bearer's unit with a Stratagem, roll one D6, adding 1 to the result if there are one or more friendly Officer models within 6": on a 5+, you gain 1CP

- Blast**

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*
- Hazardous**

Each time a unit is selected to shoot or selected to fight, after that unit has resolved all of its attacks, make a number of hazard rolls (06.03) for that unit equal to the number of **[HAZARDOUS]** weapons you selected in the Select Weapons step.
- Ignores Cover**

Each time an attack is made with an **[IGNORES COVER]** weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).
- Melta**

This ability always takes the form **[MELTA X]**. Each time a model makes an attack with a **[MELTA]** weapon, if the target unit was within half range of that weapon in the Select Targets step, until the attacking unit's attacks have been resolved, add X to that weapon's D characteristic.

*Example: A model targets a unit that is within half range of a **[MELTA 2]** weapon with a D characteristic of D6. While resolving those attacks, that weapon has a D characteristic of D6+2.*
- Pistol**

[PISTOL] and **[CLOSE-QUARTERS]** are identical for all rules purposes.

Units containing one or more models with a **[CLOSE-QUARTERS]** weapon can shoot using close-quarters shooting (10.06). When using another shooting type, for each model in that unit (excluding MONSTER/VEHICLE models), you can only select one of the following to make attacks with:

 - One or more of its **[CLOSE-QUARTERS]** weapons.
 - One or more of its other ranged weapons.
- Rapid Fire**

This ability always takes the form **[RAPID FIRE X]**. Each time you gather attack dice for a **[RAPID FIRE]** weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

*Example: If a **[RAPID FIRE 1]** weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).*
- Torrent**

Each time an attack is made with a **[TORRENT]** weapon, that attack automatically hits the target.
