ABILITIES

CORE - Leader

Bestial Prophet
While this model is leading a unit, each time a model in that unit makes an attack, add 1 to the Hit roll.

Mortal Sorcery (Aura)
While a friendly Scintillating Legions Psyker unit from your army is within 6" of and visible to this unit, that Scintillating Legions unit has the Cabal of Sorcerers ability.

Sacrificial Blessing
While this model is leading a unit, in your Shooting phase and the Fight phase, each time that unit is selected to shoot or fight, this model can use this ability. If it does, select one Bodyguard model in that unit; that Bodyguard model is destroyed and, until the end of the phase, add D3 to the Attacks and Strength characteristics of **Psychic** weapons equipped by this model.

Leader
This model can be attached to the following units: TZAANGOR ENLIGHTENED, TZAANGOR ENLIGHTENED WITH FATECASTER GREATBOWS, TZAANGORS

WEAPON ABILITIES

Blast
Each time you gather attack dice for a [**BLAST**] weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form [**BLAST** X], each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a [**BLAST** 2] weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

Devastating Wounds
Each time an attack made with a [**DEVASTATING WOUNDS**] weapon results in a critical wound, the attack sequence for that attack ends and the target unit suffers a number of mortal wounds equal to the D characteristic of that weapon. These are inflicted after resolving any normal damage inflicted by those attacks.

Mortal wounds inflicted by [**DEVASTATING WOUNDS**] weapons can damage a maximum of one model for each critical wound; any remaining mortal wounds inflicted by that attack are lost.

*Example: An attack made with a [**DEVASTATING WOUNDS**] weapon with a D characteristic of 3 results in a critical wound against an Intercessor Squad, so inflicts 3 mortal wounds. The first 2 mortal wounds are sufficient to destroy 1 Intercessor model, so the remaining mortal wound is lost.*

Psychic
Each time an attack is made with a [**PSYCHIC**] weapon, you can ignore any or all modifiers to that attack's BS or WS characteristic and any or all modifiers to the hit roll. Attacks made with [**PSYCHIC**] weapons are known as **psychic** attacks (this can be important for the triggering of other rules).

FACTION RULES

Cabal of Sorcerers
If your army Faction is Thousand Sons, at the start of your Shooting phase, one or more models from your army with this ability can attempt Rituals. To do so, select one model from your army with this ability that has not yet attempted a Ritual this turn and select one Ritual no model from your army has attempted to manifest this turn, then take a **Psychic** test by following the sequence below:

1. Roll 2D6

2. Optionally, roll one additional D6 (Channel the Warp). Then, if one or more doubles or triples were rolled during this test, that model's unit suffers D3 mortal wounds.

3. If that model is not destroyed, the combined total of all the dice rolled during this test is the **Psychic** test result. If this equals or exceeds the Warp Charge value of the Ritual being attempted, that model manifests that Ritual and you resolve its effects.

CORE RULES

Leader
Before the battle, in the Muster Armies step, for each leader and support unit in your army, you can select one friendly bodyguard unit that unit can lead. That unit will then lead that bodyguard unit for the battle and form an attached unit with it. Unless otherwise stated, each bodyguard unit can only have one leader unit and one support unit attached to it.
