ABILITIES

Fortification
While an enemy unit is only within Engagement Range of one or more Fortifications from your army:

- That unit can still be selected as the target of ranged attacks, but each time such an attack is made, unless it is made with a Pistol, subtract 1 from the Hit roll.

- Models in that unit do not need to take Desperate Escape tests due to Falling Back while Battle-shocked, except for those that will move over enemy models when doing so.

Orbital Comms Array (Aura)
While a friendly T'AU EMPIRE unit is within 6" of this FORTIFICATION, each time you target that unit with a Stratagem, roll one D6: on a 5+, you gain 1CP.

Reinforced Cover
Each time a ranged attack is allocated to a model, if that model is not fully visible to every model in the attacking unit because of this FORTIFICATION, that model has the Benefit of Cover against that attack.
