ABILITIES

Storm Troopers
Each time a model in this unit makes an attack, re-roll a Wound roll of 1. If the target of that attack is an enemy unit within range of an objective marker, you can re-roll the Wound roll instead.

Unit Composition
This unit can have up to two Leader units attached to it, provided no more than one of those units is a Command Squad unit. If it does, and this Bodyguard unit is destroyed, the Leader units attached to it become separate units, with their original Starting Strengths.

Vox-caster
Each time you target the bearer's unit with a Stratagem, roll one D6, adding 1 to the result if there are one or more friendly Officer models within 6": on a 5+, you gain 1CP

WEAPON ABILITIES

Blast
Each time you gather attack dice for a [**BLAST**] weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form [**BLAST** X], each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a [**BLAST** 2] weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

Hazardous
Each time a unit is selected to shoot or selected to fight, after that unit has resolved all of its attacks, make a number of hazard rolls (06.03) for that unit equal to the number of [**HAZARDOUS**] weapons you selected in the Select Weapons step.

Ignores Cover
Each time an attack is made with an [**IGNORES COVER**] weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

Melta
This ability always takes the form [**MELTA** X]. Each time a model makes an attack with a [**MELTA**] weapon, if the target unit was within half range of that weapon in the Select Targets step, until the attacking unit's attacks have been resolved, add X to that weapon's D characteristic.

*Example: A model targets a unit that is within half range of a [**MELTA** 2] weapon with a D characteristic of D6. While resolving those attacks, that weapon has a D characteristic of D6+2.*

Pistol
[**PISTOL**] and [CLOSE-QUARTERS] are identical for all rules purposes.

Units containing one or more models with a [CLOSE-QUARTERS] weapon can shoot using close-quarters shooting (10.06). When using another shooting type, for each model in that unit (excluding MONSTER/VEHICLE models), you can only select one of the following to make attacks with:

- One or more of its [CLOSE-QUARTERS] weapons.

- One or more of its other ranged weapons.

Rapid Fire

This ability always takes the form [**RAPID FIRE** X]. Each time you gather attack dice for a [**RAPID FIRE**] weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

*Example: If a [**RAPID FIRE** 1] weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).*

Torrent

Each time an attack is made with a [**TORRENT**] weapon, that attack automatically hits the target.
