Support Artillery

At the start of the Declare Battle Formations step, this model can join one Guardian Defenders unit from your army (a unit cannot have more than one Support Weapon model joined to it). This model then counts as part of that Guardians unit for the rest of the battle, and that unit's Starting Strength is increased accordingly.

This model, and any unit it is joined to, cannot embark within a Transport.

Monofilament Snare

In your Shooting phase, after this model has shot, select one enemy unit hit by one or more of those attacks made with its Shadow Weaver. Until the start of your next turn, that enemy unit it snared. While a unit is snared, each time that unit makes a Normal, Advance or Fall Back move, roll one D6 for each model in that unit: for each 1, that unit suffers 1 mortal wound.
