1 KOMMANDO

Fortification
While an enemy unit is only within Engagement Range of one or more Fortifications from your army:
- That unit can still be selected as the target of ranged attacks, but each time such an attack is made, unless it is made with a Pistol, subtract 1 from the Hit roll.
- Models in that unit do not need to take Desperate Escape tests due to Falling Back while Battle-shocked, except for those that will move over enemy models when doing so.

Tremor Quake
In your Shooting phase, just after selecting a target for this model's Aquila macro-cannon, the target unit and every other enemy INFANTRY unit within 3" of that unit must take a Battle-shock test.
