Base —

Deadly Demise D3

1KOMMANDO

Fortification

While an enemy unit is only within Engagement Range of one or more Fortifications from your army:

- That unit can still be selected as the target of ranged attacks, but each time such an attack is made, unless it is made with a Pistol, subtract 1 from the Hit roll.
- Models in that unit do not need to take Desperate Escape tests due to Falling Back while Battle-shocked, except for those that will move over enemy models when doing so.

2BEWEGUNG

Repair Aircraft

At the end of your Movement phase, if there is a friendly Aircraft model on top of this Fortification, that Aircraft regains up to D3 lost wounds

Skyshield

Friendly Infantry models and friendly units that can Fly can be set up or end any type of move on top of the platform section of this Fortification. While such a model is on the platform section of this Fortification, that model has a 5+ invulnerable save against ranged attacks

3BESCHUSS

Reinforced Cover

Each time a ranged attack is allocated to a model, if that model is not fully visible to every model in the attacking unit because of this FORTIFICATION, that model has the Benefit of Cover against that attack.
