While this model is leading a unit, at the end of your opponent's turn, if that unit is not within Engagement Range of one or more enemy units, you can remove it from the battlefield and place it into Strategic Reserves. In addition, while this model is leading a unit, when that unit is set up on the battlefield using the Deep Strike ability, in your Movement phase, it can use this ability. If it does, that unit can be set up anywhere on the battlefield that is more than 6" horizontally away from all enemy models, but until the end of the turn, it is not eligible to declare a charge.
