1KOMMANDO

A Plan Generations in the Making

At the end of your Command phase, if this unit is within range of an objective marker you control, that objective marker remains under your control, even if you have no models within range of it, until your opponent controls it at the start or end of any turn.

Cult Icon

In your Command phase, you can return up to 3 destroyed models to the bearer's unit. If the bearer's unit is within range of an objective marker you control, you can return up to D3+3 destroyed models to that unit instead. This ability cannot be used to return destroyed CHARACTER models in Attached units and any [ONE SHOT] weapons equipped with by returned models that were shot before they were destroyed are still considered to have been shot.
