Each time this model's unit Advances, do not make an Advance roll for it. Instead, until the end of the phase, add 6" to the Move characteristic of models in that unit. In addition, each time a model in that unit makes a Normal, Advance or Fall Back move, until that move is finished, it can move horizontally through models and terrain features (it cannot finish a move on top of another model or its base).

My Will Be Done
Once per battle round, one unit from your army with this ability can use it when its unit is targeted with a Stratagem. If it does, reduce the CP cost of that use of that Stratagem by 1CP.
Resurrection orb
(Once per battle, per unit) At the end of any phase, you can use this ability. If you do, this unit resurrects:
- When a unit resurrects, that unit's Reanimation Protocols activate, but that unit heals D6 wounds (instead of D3 wounds). You cannot resurrect more than one unit per turn.
