Scything Charge
Each time this model ends a Charge move, select one enemy unit within Engagement Range of it and roll one D6: on a 2-3, that enemy unit suffers D3 mortal wounds; on a 4-5, that enemy unit suffers 3 mortal wounds; on a 6, that enemy unit suffers D3+3 mortal wounds.

Tantalus (Transport)
Capacity: This model has a transport capacity of 16 Drukhari Infantry models. Each Grotesque model takes up the space of 3 models. This model cannot transport models that can Fly.

RULES

Deadly Demise D6

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

Deep Strike

Each time this unit makes an ingress move (20.04), if every model in this unit has this ability, it can be set up anywhere on the battlefield that is more than 8" horizontally from all enemy units, even if that is within your opponent's deployment zone.

Firing Deck 16

This ability always takes the form Firing Deck X. In your Shooting phase, each time this TRANSPORT is selected to shoot, if one or more units are embarked within it, resolve the following sequence:

1. Select up to X models embarked within this TRANSPORT (excluding models whose units have already been selected to shoot this phase).

2. For each selected model, select one of its ranged weapons (excluding [ONE SHOT] weapons).

3. Until this TRANSPORT has resolved all of its attacks, it has all of those selected weapons in addition to its other weapons.

4. Until the end of the turn, units embarked within this TRANSPORT are not eligible to shoot.

Power from Pain

All Drukhari units have a Pain ability, tagged with the word 'Pain'. Pain abilities only apply to a unit while it is Empowered. If your Army Faction is Drukhari, you can Empower units from your army with Pain abilities by spending Pain tokens (see below).

GAINING PAIN TOKENS

If your Army Faction is Drukhari, you gain Pain tokens as follows:

- 1 Pain token at the start of your Command phase.
- 1 Pain token each time an enemy unit is destroyed.
- 1 Pain token each time an enemy unit fails a Battle-shock test.

Each time you gain a Pain token, keep it to one side – this is your Pain token pool. Each time you spend a Pain token, reduce your Pain token pool by the same amount.

EMPOWERED THROUGH PAIN

Each Pain ability will state when you can spend Pain tokens to Empower that unit. When you do, until the end of the phase, that unit is Empowered and all Pain abilities it has take effect. While an Attached unit is Empowered, the Pain abilities of all Leader and Bodyguard units in that unit take effect - you do not need to spend additional Pain tokens to activate each of those Pain abilities.
