AUFSTELLUNG

1x Archaeopter Fusilave (170x109mm Oval Base)

Equipped with: Cognis heavy stubber array, Armoured hull

Wargear Options:

- This model can replace its Command Uplink with Chaff Launcher.

ABILITIES

Bomb Rack

At the end of your opponent's Fight phase, select one visible enemy unit (excluding Lone Operative units) within 24" of this unit, and roll six D6 for that unit: for each 4+, that unit suffers 1 mortal wound.

Chaff Launcher

The bearer has the Smoke keyword.

Command Uplink

Each time you select the bearer's unit as the target of a Stratagem, roll one D6: on a 5+, you gain 1CP.

WEAPON RULES

Rapid Fire

This ability always takes the form [RAPID FIRE X]. Each time you gather attack dice for a [RAPID FIRE] weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

Example: If a [RAPID FIRE 1] weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).

Sustained Hits

This ability always takes the form [SUSTAINED HITS X]. Each time an attack made with a [SUSTAINED HITS] weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

Example: An attack made with a [SUSTAINED HITS 2] weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the [SUSTAINED HITS 2] ability).

Twin-linked

Each time an attack is made with a [TWIN-LINKED] weapon, you can re-roll the wound roll.

RULES

Deadly Demise D3

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

Doctrina Imperatives

At the start of the battle round, you can select one of the Doctrina Imperatives below. Until the end of the battle round, that Doctrina Imperative is active for your army, and all units from your army that have the Doctrina Imperatives ability gain the relevant abilities shown below.

PROTECTOR IMPERATIVE

- Ranged weapons equipped by models in this unit have the [HEAVY] ability.
- Improve the Ballistic Skill characteristic of ranged weapons equipped by models in this unit by 1.
- Each time a melee attack targets this unit, if this unit has the Battleline keyword and/or it is within 6" of one or more friendly Adeptus Mechanicus Battleline units, subtract 1 from the Hit roll.

CONQUEROR IMPERATIVE

- Ranged weapons equipped by models in this unit have the [ASSAULT] ability.
- Improve the Weapon Skill characteristic of melee weapons equipped by models in this unit by 1.
- Each time a model in this unit makes an attack, if this unit has the Battleline keyword and/or it is within 6" of one or more friendly Adeptus Mechanicus Battleline units, improve the Armour Penetration characteristic of that attack by 1.
