ABILITIES

RULES - Battle Focus

Extreme Mobility

Each time this unit makes a Normal, Advance, Fall Back or Charge move, ignore any vertical distance when determining the total distance models in this unit can be moved during that move.

Shimmershield

The bearer has a 4+ invulnerable save.

WEAPON RULES

Anti

This ability always takes the form **[ANTI-X Y+]**. Each time an attack is made with an **[ANTI]** weapon, if the target unit has the keyword denoted by X, an unmodified wound roll of Y+ is a critical wound.

*Example: An attack made with an **[ANTI-VEHICLE 4+]** weapon against a Vehicle unit will result in a critical wound on an unmodified wound roll of 4+, while an attack made with an **[ANTI-PSYKER 2+]** weapon against a Psyker unit will result in a critical wound on an unmodified wound roll of 2+.*

Assault

Units containing one or more models with an **[ASSAULT]** weapon can shoot using **assault** shooting (10.05).

Lance

Each time an attack is made with a **[LANCE]** weapon, if the attacking model's unit made a charge move this turn, add 1 to the wound roll.

Sustained Hits

This ability always takes the form **[SUSTAINED HITS X]**. Each time an attack made with a **[SUSTAINED HITS]** weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

*Example: An attack made with a **[SUSTAINED HITS 2]** weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the **[SUSTAINED HITS 2]** ability).*

Twin-linked

Each time an attack is made with a **[TWIN-LINKED]** weapon, you can re-roll the wound roll.
