ABILITIES

RULES - Battle Focus, Deep Strike

Aspect Shrine Token

Once per battle for each Aspect Shrine token this unit has, you can change the result of one Hit roll or one Wound roll made for a model in this unit (excluding CHARACTER models) to an unmodified 6.

Designer's Note: Place an Aspect Shrine token next to the unit for each Aspect Shrine token it has, removing one each time this ability is used.

Close Combat Weapon	Melee	2	3+	3	0	1
Powerblade Array LETHAL HITS, TWIN-LINKED	Melee	10	3+	4	-2	1
Powerblades LETHAL HITS, TWIN-LINKED	Melee	5	3+	4	-2	1

Flickerjump

In your Movement phase, each time this unit is selected to make a Normal move, it can use this ability. If it does, until the end of the turn, this unit is not eligible to declare a charge and models in it have a Move characteristic of 24". Each time this unit uses this ability, at the end of the phase, roll one D6 for each model in this unit: for each 1, this unit suffers 1 mortal wound.

WEAPON RULES

Ignores Cover

Each time an attack is made with an **[IGNORES COVER]** weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

Lethal Hits

Each time an attack made with a **[LETHAL HITS]** weapon results in a critical hit, you can choose for that attack to automatically wound the target.

Designer's Note: Choosing to automatically wound the target means that no wound roll is made for that attack. You may decide against this, as it means that attack cannot result in a critical wound and so cannot trigger other abilities such as [DEVASTATING WOUNDS].

Torrent

Each time an attack is made with a **[TORRENT]** weapon, that attack automatically hits the target.

Twin-linked

Each time an attack is made with a **[TWIN-LINKED]** weapon, you can re-roll the wound roll.
