► Blade of Magnus - strike DEVASTATING WOUNDS, PSYCHIC	Melee	7	2+	16	-3	3
► Blade of Magnus - sweep PSYCHIC	Melee	14	2+	8	-1	2

ABILITIES

RULES - Cabal of Sorcerers, Deadly Demise D6, Deep Strike

Damaged: 1-6 wounds remaining

While this model has 1-6 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Lord of the Planet of the Sorcerers (Psychic)

This model can attempt up to 2 Rituals per turn instead of one, and each time this model attempts a Ritual, add 2 to the **Psychic** test result.

Mortal Sorcery (Aura)

While a friendly Scintillating Legions Psyker unit from your army is within 6" of and visible to this unit, that Scintillating Legions unit has the Cabal of Sorcerers ability.

Unearthly Power

At the start of the battle round, select one of the abilities in the Crimson King section. Until the start of the next battle round, this model has that ability.

Impossible Form (Psychic) (Crimson King)

Effect: Each time an attack is made against this Psyker (excluding **Psychic** Attacks), subtract 1 from the Damage characteristic of that attack.

Treason of Tzeentch (Psychic) (Crimson King)

Effect: At the start of your opponent's Shooting phase, select one enemy unit within 24" of this Psyker. Until the end of the phase, ranged weapons equipped by models in that unit have the [HAZARDOUS] ability.

Time Flux (Aura, Psychic) (Crimson King)

Effect: While a friendly Thousand Sons unit is within 6" of this Psyker, add 2" to the Move characteristic of models in that unit.

WEAPON RULES

Blast

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

Devastating Wounds

Each time an attack made with a **[DEVASTATING WOUNDS]** weapon results in a critical wound, the attack sequence for that attack ends and the target unit suffers a number of mortal wounds equal to the D characteristic of that weapon. These are inflicted after resolving any normal damage inflicted by those attacks.

Mortal wounds inflicted by **[DEVASTATING WOUNDS]** weapons can damage a maximum of one model for each critical wound; any remaining mortal wounds inflicted by that attack are lost.

*Example: An attack made with a **[DEVASTATING WOUNDS]** weapon with a D characteristic of 3 results in a critical wound against an Intercessor Squad, so inflicts 3 mortal wounds. The first 2 mortal wounds are sufficient to destroy 1 Intercessor model, so the remaining mortal wound is lost.*

Ignores Cover

Each time an attack is made with an **[IGNORES COVER]** weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

Psychic

Each time an attack is made with a **[PSYCHIC]** weapon, you can ignore any or all modifiers to that attack's BS or WS characteristic and any or all modifiers to the hit roll. Attacks made with **[PSYCHIC]** weapons are known as **psychic** attacks (this can be important for the triggering of other rules).
