ABILITIES

CORE - Leader

RULES - Leader, Voice Of Command

Hero of Hades Hive

In your Command phase, you can select one of the abilities in the Hero of Hades Hive section. Until the start of your next Command phase, this model has that ability.

Will of Iron

The first time this model is destroyed, remove it from play, then, at the end of the phase, roll one D6: on a 2+, set this model back up on the battlefield as close as possible to where it was destroyed and not within Engagement Range of one or more enemy units, with 3 wounds remaining.

Leader

This model can be attached to the following units:

- CADIAN SHOCK TROOPS
- CATACHAN JUNGLE FIGHTERS
- DEATH KORPS GRENADIER SQUAD
- DEATH KORPS OF KRIEG
- KASRKIN
- KRIEG COMBAT ENGINEERS
- TEMPESTUS SCIONS

Orders (Orders)

Orders: This Officer can issue up to 2 Orders to Regiment, Squadron or Titanic units.

Inspiring Hero (Aura) (Hero of Hades Hive)

Description: While a friendly Astra Militarum unit is within 6" of this model, you can re-roll Battle-shock and Leadership tests taken for that unit.

Counterstrategist (Hero of Hades Hive)

Description: At the end of your opponent's Movement phase, you can select one enemy unit that was set up or ended a move within 8" of this model, and one friendly Regiment unit within 6" of and visible to this model that has not made a Normal move or been targeted with the Fire Overwatch Stratagem this phase. That Regiment unit can then either:

- Make a Normal move of up to D6".
- Shoot at that enemy unit, but only if it is an eligible target. Until the end of the phase, each time a model in that unit makes a ranged attack, an unmodified Hit roll of 6 is required to score a hit, irrespective of the attacking weapon's Ballistic Skill or any modifiers.
- Make a Surge move. To do so, roll one D6: models in that unit move a number of inches up to the result, but that unit must end that move as close as possible to the closest enemy unit (excluding Aircraft). When doing so, those models can be moved within Engagement Range of that enemy unit. That unit cannot make a Surge move while it is Battle-shocked or within Engagement Range of one or more enemy units, and can only make one Surge move per phase.

Decisive Command (Hero of Hades Hive)

Description: The next Order issued by this model can be issued to one eligible friendly unit within 12" of this model; if this is the first Order issued by a unit from your army this Command phase, that Order affects not only that eligible unit, but every other eligible friendly unit within 6" of that eligible unit.

WEAPON RULES

Pistol

[PISTOL] and [CLOSE-QUARTERS] are identical for all rules purposes.

Units containing one or more models with a [CLOSE-QUARTERS] weapon can shoot using close-quarters shooting (10.06). When using another shooting type, for each model in that unit (excluding MONSTER/VEHICLE models), you can only select one of the following to make attacks with:

- One or more of its [CLOSE-QUARTERS] weapons.
- One or more of its other ranged weapons.

Precision

While resolving attacks made with one or more [PRECISION] weapons, at the start of the Allocation Order step (05.03), if the target unit contains one or more CHARACTER models visible to one or more of the attacking models, the active player can select one allocation group that contains one of those visible CHARACTER models. If they do, until those attacks are resolved, or until that CHARACTER group is destroyed (whichever happens first), that CHARACTER group is the current allocation group.

Rapid Fire

This ability always takes the form [RAPID FIRE X]. Each time you gather attack dice for a [RAPID FIRE] weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

Example: If a [RAPID FIRE 1] weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).
