Aspect Shrine Token
Once per battle for each Aspect Shrine token this unit has, you can change the result of one Hit roll or one Wound roll made for a model in this unit (excluding CHARACTER models) to an unmodified 6.

Designer's Note: Place an Aspect Shrine token next to the unit for each Aspect Shrine token it has, removing one each time this ability is used.

Bladestorm
Ranged weapons equipped by models in this unit have the [Sustained Hits 1] ability while targeting an enemy unit within half range.

Shimmershield
The bearer has a 4+ invulnerable save.

WEAPON RULES

ASSAULT
Units containing one or more models with an [ASSAULT] weapon can shoot using **assault** shooting (10.05).

PISTOL
[PISTOL] and [CLOSE-QUARTERS] are identical for all rules purposes.

Units containing one or more models with a [CLOSE-QUARTERS] weapon can shoot using close-quarters shooting (10.06). When using another shooting type, for each model in that unit (excluding MONSTER/VEHICLE models), you can only select one of the following to make attacks with:

- One or more of its [CLOSE-QUARTERS] weapons.
- One or more of its other ranged weapons.

CORE RULES

Battle Focus

If your Army Faction is Asuryani, at the start of the battle round, you receive a number of Battle Focus tokens based on the battle size, as shown below:

- Incursion - 2
- Strike Force - 4
- Onslaught - 6

Each time one of the triggers shown in the Agile Manoeuvres section of your codex occurs, you can spend one Battle focus token to enable the relevant eligible unit to perform that Agile Manoeuvre. A unit is eligible to perform an Agile Manoeuvre if it has this ability and has not already performed an Agile Manoeuvre in the same phase. Unless otherwise stated, you cannot trigger the same Agile Manoeuvre more than once per phase. At the end of the battle round, all unspent Battle Focus tokens are lost.
