AUFSTELLUNG

1x Firestorm [Legends]

Equipped with: Firestorm Scatter Laser, Shuriken Cannon, Twin Shuriken Catapult, Wraithbone Hull

Wargear Options:

- This model can replace its Twin Shuriken Catapult with Shuriken Cannon.

ABILITIES

Damaged: 1-4 Wounds Remaining
While this model has 1-4 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Skyfire
Each time you target this model with the Fire Overwatch Stratagem just after an enemy unit that can Fly starts or ends a Normal, Advance or Fall Back move, when resolving that Stratagem, in addition to shooting that enemy unit, you can select up to 3 other enemy units within 24" of this model that can Fly; this model can also shoot at each of those units with its Firestorm scatter laser (provided each one is an eligible target), but when doing so, an unmodified Hit roll of 6 is required to score a hit.

Firestorm (Transport)
Capacity: This model has a transport capacity of 6 Aeldari Infantry models. Each Wraith Construct model takes the space of 2 models. It cannot transport Jump Pack models

WEAPON RULES

ANTI

This ability always takes the form [**ANTI**-X Y+]. Each time an attack is made with an [**ANTI**] weapon, if the target unit has the keyword denoted by X, an unmodified wound roll of Y+ is a critical wound.

*Example: An attack made with an [**ANTI**-VEHICLE 4+] weapon against a Vehicle unit will result in a critical wound on an unmodified wound roll of 4+, while an attack made with an [**ANTI**-PSYKER 2+] weapon against a Psyker unit will result in a critical wound on an unmodified wound roll of 2+.*

ASSAULT

Units containing one or more models with an [**ASSAULT**] weapon can shoot using **assault** shooting (10.05).

SUSTAINED HITS

This ability always takes the form [**SUSTAINED HITS** X]. Each time an attack made with a [**SUSTAINED HITS**] weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

*Example: An attack made with a [**SUSTAINED HITS** 2] weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the [**SUSTAINED HITS** 2] ability).*

TWIN-LINKED

Each time an attack is made with a [**TWIN-LINKED**] weapon, you can re-roll the wound roll.

CORE RULES

Battle Focus

If your Army Faction is Asuryani, at the start of the battle round, you receive a number of Battle Focus tokens based on the battle size, as shown below:

- Incursion - 2
- Strike Force - 4
- Onslaught - 6

Each time one of the triggers shown in the Agile Manoeuvres section of your codex occurs, you can spend one Battle focus token to enable the relevant eligible unit to perform that Agile Manoeuvre. A unit is eligible to perform an Agile Manoeuvre if it has this ability and has not already performed an Agile Manoeuvre in the same phase. Unless otherwise stated, you cannot trigger the same Agile Manoeuvre more than once per phase. At the end of the battle round, all unspent Battle Focus tokens are lost.

Deadly Demise D3

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").
