AUFSTELLUNG

1x Knight Desecrator (170x109mm Oval Base)

Equipped with: Desecrator laser destructor, Diabolus heavy stubber, ➤ Reaper chainsword - strike, ➤ Reaper chainsword - sweep, ➤ Warpstrike claw - strike, ➤ Warpstrike claw - sweep

Wargear Options:

■ This model can replace its Reaper chainsword with Warpstrike claw.

ABILITIES

***Invulnerable Save**
This model has a 5+ invulnerable save against ranged attacks.

Damaged: 1-9 wounds remaining
While this model has 1-9 wounds remaining, subtract 5 from this model's Objective Control characteristic and each time this model makes an attack, subtract 1 from the Hit roll.

Obsessive Ruthlessness
This unit's ranged attacks that target a MONSTER/VEHICLE unit can ignore modifiers to this unit's:

- BS.
- Hit rolls and wound rolls.

Taskmaster (Aura)
While a friendly War Dog model is within 9" of this model, each time that War Dog model makes a ranged attack, re-roll a Hit roll of 1.

WEAPON RULES

RAPID FIRE
This ability always takes the form [RAPID FIRE X]. Each time you gather attack dice for a [RAPID FIRE] weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

Example: If a [RAPID FIRE 1] weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).

CORE RULES

◈ Deadly Demise D6

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

◈ Harbingers of Dread

If your Army Faction is Chaos Knights, each model from your army with this ability gains Dread abilities, depending which are active for your army. The Deathly Terror ability is active for your army from the start of the battle. In addition, at the start of the first, third and fifth battle rounds, you can either select one of the other Dread abilities or randomly select two Dread abilities to apply by rolling two D6 and applying the results rolled, from those numbered 1-6 below.

Any Dread abilities that have been selected are active until the end of the battle. You cannot select the same Dread ability more than once, and any duplicated Dread abilities (as a result of randomly selecting them) have no additional effect.

N/A - Deathly Terror (Aura)

While an enemy unit is within 9" of this model, worsen the Leadership characteristic of models in that unit by 1.

1 - Despair (Aura)

While an enemy unit is within 9" of this model, worsen the Leadership characteristic of models in that unit by 1. This is cumulative with the Deathly Terror ability (see above).

2 - Doom

Each time this model makes an attack, if the target is Battle-shocked, add 1 to the Wound roll.

3 - Darkness

This model has Stealth.

4 - Dismay (Aura)

In the Battle-shock step of your opponent's Command phase, for each enemy unit that is below its Starting Strength and within 9" of this model, that enemy unit must take a Battle-shock test.

5 - Delirium (Aura)

While an enemy unit that is Below Half-strength is within 9" of this model, each time that model fails a Battle-shock test, it suffers D3 mortal wounds.

6 - Dominion

Add 3" to the range of this model's Aura abilities.

◈ Super-Heavy Walker

Each time a unit with this ability makes a normal, advance or fall-back move:

- Models in that unit can move through models (including MONSTER/VEHICLE models, but excluding TITANIC models) and can move horizontally through sections of terrain features that are 4" or less in height.

- Before moving that unit, you can select for all models in that unit to have the MOBILE keyword until that move ends. If you do, when that move ends, roll one D6: on a 1, that unit is battle-shocked.

Designer's Note: Gaining the MOBILE keyword for the duration of a move will enable models in that unit to move horizontally through dense terrain features (13.06).
