AUFSTELLUNG

1x Lord of Change (100mm)

Equipped with: Rod of sorcery, ► Bolt of Change - focused witchfire, ► Bolt of Change - witchfire, Baleful sword, Staff of Tzeentch

Wargear Options:

- This model can be equipped with one of: Rod of sorcery, Baleful sword.

ABILITIES

Daemon Lord of Tzeentch (Aura)

While a friendly Scintillating Legions unit is within 6" of this model, each time a model in that unit makes a ranged attack, add 1 to the Strength characteristic of that attack.

Daemonic Illusions (Aura)

While a friendly Thousand Sons Psyker unit is within 6" of and visible to this unit, models in that unit have a 4+ invulnerable save against ranged attacks.

Damaged: 1-7 wounds remaining

While this model has 1-7 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Master of Magicks (Aura)

In your Shooting phase, select one of the following abilities: [Ignores Cover], [Lethal Hits], [Sustained Hits D3]. Until the end of the phase, this model's Bolt of Change has that ability.

WEAPON RULES

EXTRA ATTACKS

Each time a unit containing one or more models with an [EXTRA ATTACKS] weapon fights, those models will make attacks with those weapons in addition to any others. In the Select Weapons step (04.01), for each of those models, you must select:

- All of that model's [EXTRA ATTACKS] weapons.
- One of that model's other melee weapons, if possible.

HAZARDOUS

Each time a unit is selected to shoot or selected to fight, after that unit has resolved all of its attacks, make a number of hazard rolls (06.03) for that unit equal to the number of [HAZARDOUS] weapons you selected in the Select Weapons step.

PSYCHIC

Each time an attack is made with a [PSYCHIC] weapon, you can ignore any or all modifiers to that attack's BS or WS characteristic and any or all modifiers to the hit roll. Attacks made with [PSYCHIC] weapons are known as **psychic** attacks (this can be important for the triggering of other rules).

CORE RULES

◆ **Deadly Demise D6**

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

◆ **Deep Strike**

Each time this unit makes an ingress move (20.04), if every model in this unit has this ability, it can be set up anywhere on the battlefield that is more than 8" horizontally from all enemy units, even if that is within your opponent's deployment zone.
