AUFSTELLUNG

1x Maulerfiend (120x92mm Oval Base)

Equipped with: 2x Magma cutter, Lasher tendrils, Maulerfiend fists

Wargear Options:

- This model can replace its Lasher tendrils with 2 magma cutters.

ABILITIES

Damaged: 1-4 wounds remaining

While this model has 1-4 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Mortal Sorcery (Aura)

While a friendly Scintillating Legions Psyker unit from your army is within 6" of and visible to this unit, that Scintillating Legions unit has the Cabal of Sorcerers ability.

Snarling Protector

You can target this unit with the Heroic Intervention stratagem, regardless of any other uses of that stratagem this phase. If you do:

- That use is -1 CP.
- That use does not prevent any uses of that stratagem on other units this phase.
- When this unit declares a charge, if a friendly engaged PSYKER unit is within 12" of this unit, you can use this part of this ability.

If you do:

- This unit can re-roll that charge roll.
- This unit must end that charge move engaged with an enemy unit engaged with that friendly PSYKER unit.

WEAPON RULES

EXTRA ATTACKS

Each time a unit containing one or more models with an **EXTRA ATTACKS** weapon fights, those models will make attacks with those weapons in addition to any others. In the Select Weapons step (04.01), for each of those models, you must select:

- All of that model's **EXTRA ATTACKS** weapons.
- One of that model's other melee weapons, if possible.

CORE RULES

Deadly Demise D3

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").
