AUFSTELLUNG

2-5x Eightbound - Equipped with: Chainblades (40mm)
1x Eightbound Champion - Equipped with: Chainblades (40mm)

ABILITIES

Beacons of Rage (Aura)
While a friendly World Eaters unit is within 6" of this unit, each time a model in that unit makes a melee attack that targets a unit (excluding Monsters and Vehicles), add 1 to the Hit roll. If that attack targets a unit that is Below Half-strength, add 1 to the Wound roll as well.

Brazen Fury
In your opponent's Shooting phase, when an enemy unit has shot, if a model in this unit was destroyed as a result of those attacks, this unit can make a surge move of up to D6". That surge move is a Brazen Fury move.

CORE RULES

Blessings of Khorne
If your Army Faction is World Eaters, at the start of the battle round, you can make a Blessings of Khorne roll. To do so, roll eight D6. You can then use those dice to activate up to two Blessings of Khorne. Each Blessing of Khorne specifies the dice results it requires (where a number is specified, a double or triple of that value or higher is required). You can only activate each Blessing of Khorne once per battle round. Any unused dice from the Blessings of Khorne roll are then discarded. Once activated, each Blessing of Khorne applies to all units from your army with this ability until the end of the battle round.

They then use the two 2s to activate Wrathful Devotion (which requires any double), leaving the following dice: 1, 2, 3, 4.

However, now that they have activated two Blessings of Khorne, they cannot activate any more and the remaining dice are discarded.

Scouts 6"
This ability always takes the form Scouts X". In the Resolve Pre-battle Abilities step, if every model in a unit has this ability, you can do one of the following:

- If that unit is in strategic reserves, you can set up that unit anywhere that is wholly within your deployment zone.
- If that unit is wholly within your deployment zone, it can make a scout move.
- If that unit is embarked within a DEDICATED TRANSPORT that is wholly within your deployment zone, and if every model embarked within that DEDICATED TRANSPORT has the Scouts ability, that DEDICATED TRANSPORT can make a scout move.
