Forgefiend jaws	Melee	8	3+	7	-1	2

AUFSTELLUNG

1x Forgefiend (120x92mm Oval Base)

Equipped with: Ectoplasma cannon, Hades autocannon, Forgefiend claws, Forgefiend jaws

Wargear Options:

This model can replace its 2 Hades autocannons with 2 ectoplasma cannons.

This model can replace its Forgefiend jaws with Ectoplasma cannon and claws.

ABILITIES

Damaged: 1-4 wounds remaining

While this model has 1-4 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Furious Onslaught

Each time this model makes a ranged attack that targets the closest eligible target within 18", you can re-roll the Hit roll.

Terror of Khorne

At the start of the Fight phase, you can select one enemy unit engaged with this unit. That enemy unit makes a battle-shock roll, with -1 to that battle-shock roll. You cannot select the same enemy unit for this effect more than once per phase.

WEAPON RULES

BLAST

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).

RAPID FIRE

This ability always takes the form **[RAPID FIRE X]**. Each time you gather attack dice for a **[RAPID FIRE]** weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

Example: If a **[RAPID FIRE 1]** weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).

CORE RULES

◆ Blessings of Khorne

If your Army Faction is World Eaters, at the start of the battle round, you can make a Blessings of Khorne roll. To do so, roll eight D6. You can then use those dice to activate up to two Blessings of Khorne. Each Blessing of Khorne specifies the dice results it requires (where a number is specified, a double or triple of that value or higher is required). You can only activate each Blessing of Khorne once per battle round. Any unused dice from the Blessings of Khorne roll are then discarded. Once activated, each Blessing of Khorne applies to all units from your army with this ability until the end of the battle round.

They then use the two 2s to activate Wrathful Devotion (which requires any double), leaving the following dice: 1, 2, 3, 4.

However, now that they have activated two Blessings of Khorne, they cannot activate any more and the remaining dice are discarded.

◆ Deadly Demise D3

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").
