AUFSTELLUNG

1x Malcador Infernus [Legends]

Equipped with: Autocannon, Heavy bolter, Heavy flamer, Heavy stubber, Hunter-killer missile, Inferno gun, Lascannon, Storm bolter, Armoured tracks

Wargear Options:

- This model can be equipped with 1x Hunter-killer missile.
- This model can replace its Two heavy bolters with Two autocannons, Two lascannons or Two heavy flamers.
- This model can be equipped with one of: Heavy stubber, Storm bolter.

ABILITIES

Damaged: 1-6 Wounds Remaining

While this model has 1-6 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Explosive Death

When this model is destroyed, roll one D6: on a 3+, do not remove it from play – it can, after the attacking model's unit has finished making its attacks, shoot with its inferno gun as if it were your Shooting phase and as if it had its full wounds remaining. This model is then removed from play.

WEAPON RULES

IGNORES COVER

Each time an attack is made with an **[IGNORES COVER]** weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

ONE SHOT

Each weapon with this ability can only be selected to make attacks with once per battle.

If a destroyed model is returned to a unit, all of its **[ONE SHOT]** weapons that have already been selected to make attacks with during the battle cannot be selected to make attacks with again.

If a new unit is added to an army, all **[ONE SHOT]** weapons in that unit can be selected to make attacks with once per battle.

RAPID FIRE

This ability always takes the form **[RAPID FIRE X]**. Each time you gather attack dice for a **[RAPID FIRE]** weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

*Example: If a **[RAPID FIRE 1]** weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).*

SUSTAINED HITS

This ability always takes the form **[SUSTAINED HITS X]**. Each time an attack made with a **[SUSTAINED HITS]** weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

*Example: An attack made with a **[SUSTAINED HITS 2]** weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the **[SUSTAINED HITS 2]** ability).*

TORRENT

Each time an attack is made with a **[TORRENT]** weapon, that attack automatically hits the target.

CORE RULES

◇ Deadly Demise D6

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").
