ABILITIES

Fortification

While an enemy unit is only within Engagement Range of one or more Fortifications from your army:

- That unit can still be selected as the target of ranged attacks, but each time such an attack is made, unless it is made with a Pistol, subtract 1 from the Hit roll.
- Models in that unit do not need to take Desperate Escape tests due to Falling Back while Battle-shocked, except for those that will move over enemy models when doing so.

Projected Void Shields (Aura)

While a friendly model is wholly within 6" of this FORTIFICATION, that model has a 4+ invulnerable save against ranged attacks.

Reinforced Cover

Each time a ranged attack is allocated to a model, if that model is not fully visible to every model in the attacking unit because of this FORTIFICATION, that model has the Benefit of Cover against that attack.

CORE RULES

◆ Deadly Demise D6

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").
