ABILITIES

RULES - Combat Doctrines, Deadly Demise D6

Ceramite Cover

Each time a ranged attack is allocated to a model, if that model is not fully visible to every model in the attacking unit because of this Fortification, that model has the Benefit of Cover against that attack.

Damaged: 1-4 Wounds Remaining

While this model has 1-4 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

Defensive Array

You can target this Fortification with the Fire Overwatch Stratagem for OCP, and can do so even if you have already targeted another unit with that Stratagem this turn. This Fortification can only be targeted with that Stratagem once per turn.

Fortification

While an enemy unit is only within Engagement Range of one or more Fortifications from your army:

- That unit can still be selected as the target of ranged attacks, but each time such an attack is made, unless it is made with a Pistol, subtract 1 from the Hit roll.
- Models in that unit do not need to take Desperate Escape tests due to Falling Back while Battle-shocked, except for those that will move over enemy models when doing so.

WEAPON RULES

Blast

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

Ignores Cover

Each time an attack is made with an **[IGNORES COVER]** weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

Sustained Hits

This ability always takes the form **[SUSTAINED HITS X]**. Each time an attack made with a **[SUSTAINED HITS]** weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

*Example: An attack made with a **[SUSTAINED HITS 2]** weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the **[SUSTAINED HITS 2]** ability).*

Torrent

Each time an attack is made with a **[TORRENT]** weapon, that attack automatically hits the target.

Twin-linked

Each time an attack is made with a [TWIN-LINKED] weapon, you can re-roll the wound roll.
