Crewed Artillery

If one model in this unit is destroyed, the remaining model in this unit is also destroyed

Tremor Shells

In your Shooting phase, after this unit has shot, if an enemy Infantry unit was hit by one or more attacks made by this unit's thunderfire cannon this phase, until the end of your opponent's next turn, that enemy unit is shaken. While a unit is shaken, subtract 2 from that unit's Move characteristic, and subtract 2 from Advance and Charge rolls made for that unit.

WEAPON RULES

Blast

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

Extra Attacks

Each time a unit containing one or more models with an **[EXTRA ATTACKS]** weapon fights, those models will make attacks with those weapons in addition to any others. In the Select Weapons step (04.01), for each of those models, you must select:

- All of that model's **[EXTRA ATTACKS]** weapons.
- One of that model's other melee weapons, if possible.

Ignores Cover

Each time an attack is made with an **[IGNORES COVER]** weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

Indirect Fire

Units containing one or more models with an **[INDIRECT FIRE]** weapon can shoot using indirect shooting (10.07).

Torrent

Each time an attack is made with a [TORRENT] weapon, that attack automatically hits the target.
