CORE RULES

◆ Deadly Demise D3

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

◆ Support

Before the battle, in the Muster Armies step, for each leader and support unit in your army, you can select one friendly bodyguard unit that unit can lead. That unit will then lead that bodyguard unit for the battle and form an attached unit with it.

Unless otherwise stated, each bodyguard unit can only have one leader unit and one support unit attached to it.

◆ Unstable Energies

ORKS PSYKER units with this ability have a psyker level of 1 or higher, specified in that unit's abilities. Each psychic ability has a psychic level of 1 or higher, specified in that ability's name.

In a battle round, a friendly ORKS PSYKER unit can use a number of psychic abilities whose total psychic level does not exceed that PSYKER unit's psyker level.

◆ Waaagh!

Friendly ORKS with this ability can:

- Re-roll advance rolls.
- Become riled up, as stated in other rules.

While a unit is riled up:

- That unit has 5+ InSv.
- That unit's ranged attacks have [ASSAULT].
- When that unit is selected to make an advance move, that advance move does not prevent that unit from being eligible to declare a charge.
