Decoy Targets

Twice per battle, in your Movement phase, you can select one other friendly INFANTRY model that is on the battlefield and not within Engagement Range of one or more enemy units. The selected model is destroyed (ignoring any rules that are triggered when a model is destroyed) and this model is removed from the battlefield and set up again as close as possible to where that destroyed model was and not within Engagement Range of one or more enemy units. This ability cannot be used more than once in the same battle round.

Acrobatic Escape

- At the end of the Fight phase, if this unit is engaged, this unit can make a fall-back move of up to D6".
- At the end of your opponent's turn, if this unit is more than 3" from all enemy units, you can use this ability. If you do:
 - Place this unit in strategic reserves.
 - This unit must make an ingress move in your next Movement phase (including in your first turn).

VERTEIDIGUNG

IMMER / EINMALIG

Reign of Confusion

Once per turn, when your opponent targets a unit from their army within 12" of this model with a stratagem, this model can use this ability. If you do increase the CP cost of that use of that stratagem by 1CP.

Shadow Assignment

This model cannot be selected as your WARLORD. If your army faction is AGENTS OF THE IMPERIUM, then during the Declare Battle Formations step, you can replace this model with a different OFFICIO ASSASSINORUM model, provided that the points value of the new model does not exceed the points value of the model it replaced. Your army cannot include duplicates of the same model (i.e. after replacing this model with this rule, your army cannot have more than 1 VINDICARE ASSASSIN, it cannot have more than 1 CULEXUS ASSASSIN, it cannot have more than 1 EVERSOR ASSASSIN and it cannot have more than 1 CALLIDUS ASSASSIN).
