WEAPON RULES

Ignores Cover

Each time an attack is made with an **IGNORES COVER** weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

One Shot

Each weapon with this ability can only be selected to make attacks with once per battle.

If a destroyed model is returned to a unit, all of its **ONE SHOT** weapons that have already been selected to make attacks with during the battle cannot be selected to make attacks with again.

If a new unit is added to an army, all **ONE SHOT** weapons in that unit can be selected to make attacks with once per battle.

Rapid Fire

This ability always takes the form **RAPID FIRE X**. Each time you gather attack dice for a **RAPID FIRE** weapon, add X additional attack dice if the target unit was within half range of that weapon in the Select Targets step.

*Example: If a **RAPID FIRE 1** weapon with an A characteristic of 1 targets a unit that is within half range, you would gather one additional attack dice for that weapon (for a total of two for that weapon).*

Sustained Hits

This ability always takes the form [SUSTAINED HITS X]. Each time an attack made with a [SUSTAINED HITS] weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

Example: An attack made with a [SUSTAINED HITS 2] weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the [SUSTAINED HITS 2] ability).

Torrent

Each time an attack is made with a [TORRENT] weapon, that attack automatically hits the target.
