ABILITIES

RULES - Acts of Faith

Attached Unit

If a Character unit from your army can be attached to a Dominion Squad unit, it can be attached to this unit instead.

Denuncia Oratory

Each time the bearer's unit's quarry is destroyed, you can select a new unit from your opponent's army to be its quarry.

Rituale Nullificatus

Models in this unit have the Feel No Pain 4+ ability against Psychic Attacks and mortal wounds.

Null mace	Melee	3	3+	4	-1	1
ANTI-PSYKER 4+, DEVASTATING WOUNDS						
Virge of Admonition	Melee	3	4+	6	-2	3
ANTI-PSYKER 4+, DEVASTATING WOUNDS						

Simulacrum Imperialis

At the end of your Command phase, for each objective marker you control that has one or more units from your army with this ability within range of it, roll one D6: on a 4+, you gain 1 Miracle dice showing a value equal to that result.

Virtue of Intolerance

At the start of the battle, select one unit from your opponent's army to be this unit's quarry. Each time a model in this unit makes an attack that targets its quarry, that attack has the [Precision] ability and you can re-roll the Hit roll. This ability can be used even if this unit is embarked within a Transport.

WEAPON RULES

Anti

This ability always takes the form [ANTI-X Y+]. Each time an attack is made with an [ANTI] weapon, if the target unit has the keyword denoted by X, an unmodified wound roll of Y+ is a critical wound.

Example: An attack made with an [ANTI-VEHICLE 4+] weapon against a Vehicle unit will result in a critical wound on an unmodified wound roll of 4+, while an attack made with an [ANTI-PSYKER 2+] weapon against a Psyker unit will result in a critical wound on an unmodified wound roll of 2+.

Devastating Wounds

Each time an attack made with a [DEVASTATING WOUNDS] weapon results in a critical wound, the attack sequence for that attack ends and the target unit suffers a number of mortal wounds equal to the D characteristic of that weapon. These are inflicted after resolving any normal damage inflicted by those attacks.

Mortal wounds inflicted by [DEVASTATING WOUNDS] weapons can damage a maximum of one model for each critical wound; any remaining mortal wounds inflicted by that attack are lost.

Example: An attack made with a [DEVASTATING WOUNDS] weapon with a D characteristic of 3 results in a critical wound against an Intercessor Squad, so inflicts 3 mortal wounds. The first 2 mortal wounds are sufficient to destroy 1 Intercessor model, so the remaining mortal wound is lost.

Ignores Cover

Each time an attack is made with an [IGNORES COVER] weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

Lethal Hits

Each time an attack made with a [LETHAL HITS] weapon results in a critical hit, you can choose for that attack to automatically wound the target.

Designer's Note: Choosing to automatically wound the target means that no wound roll is made for that attack. You may decide against this, as it means that attack cannot result in a critical wound and so cannot trigger other abilities such as [DEVASTATING WOUNDS].

Melta

This ability always takes the form [MELTA X]. Each time a model makes an attack with a [MELTA] weapon, if the target unit was within half range of that weapon in the Select Targets step, until the attacking unit's attacks have been resolved, add X to that weapon's D characteristic.

Example: A model targets a unit that is within half range of a [MELTA 2] weapon with a D characteristic of D6. While resolving those attacks, that weapon has a D characteristic of D6+2.

Pistol

[PISTOL] and [CLOSE-QUARTERS] are identical for all rules purposes.

Units containing one or more models with a [CLOSE-QUARTERS] weapon can shoot using close-quarters shooting (10.06). When using another shooting type, for each model in that unit (excluding MONSTER/VEHICLE models), you can only select one of the following to make attacks with:

- One or more of its [CLOSE-QUARTERS] weapons.
- One or more of its other ranged weapons.

Torrent

Each time an attack is made with a [TORRENT] weapon, that attack automatically hits the target.
