AUFSTELLUNG

3x Venatari - Equipped with: Verutum Lance (40mm)

ABILITIES

Neutronium Cascade Mine
(Once per battle, per unit)
At the start of any phase, you can select one enemy unit within 3" of this unit and roll one D6. On a 2+:
- That enemy unit suffers D3 mortal wounds.
- Or: if that enemy unit is a VEHICLE/MONSTER unit that enemy unit suffers 2D3 mortal wounds.

Swift Ruin
(Once per phase, per army)
You can target this unit with the Rapid Ingress stratagem regardless of any other uses of that stratagem this phase. If you do:
- That use is -1CP.
- That use does not prevent any uses of that stratagem on other units this phase.

Take Wing
At the end of your opponent's Fight phase, if this unit is unengaged, you can place this unit in strategic reserves.

WEAPON RULES

ASSAULT
Units containing one or more models with an [**ASSAULT**] weapon can shoot using **assault** shooting (10.05).

LANCE
Each time an attack is made with a [**LANCE**] weapon, if the attacking model's unit made a charge move this turn, add 1 to the wound roll.

PRECISION
While resolving attacks made with one or more [**PRECISION**] weapons, at the start of the Allocation Order step (05.03), if the target unit contains one or more CHARACTER models visible to one or more of the attacking models, the active player can select one allocation group that contains one of those visible CHARACTER models. If they do, until those attacks are resolved, or until that CHARACTER group is destroyed (whichever happens first), that CHARACTER group is the current allocation group.

CORE RULES

Aegis of the Emperor

Friendly Adeptus Custodes units with this ability have Feel No Pain 5+ against mortal wounds.

Deep Strike

Each time this unit makes an ingress move (20.04), if every model in this unit has this ability, it can be set up anywhere on the battlefield that is more than 8" horizontally from all enemy units, even if that is within your opponent's deployment zone.

Martial Ka'tah

At the start of your Command phase, friendly Adeptus Custodes units with this ability are readied. While a friendly unit is readied, you can select one of the ka-tah abilities for that unit to use. If you do, that unit is no longer readied.

Each ka-tah ability will tell you when that ka-tah ability can be used and the effects that ka-tah ability has on the unit using it.
