Spore Mine Cysts

At the end of your opponent's Fight phase, you can do one of the following:

- Select one visible enemy unit (excluding Lone Operative units) within 24" of this unit and roll six D6 for that unit: for each 3+, that unit suffers 1 mortal wound.

- Add a new SPORE MINES unit containing D3 models to your army and set it up anywhere on the battlefield that is within 6" of this model and more than 8" horizontally away from all enemy units. You cannot select this option for more than one model per turn.
