AUFSTELLUNG

1x Deathleaper (60mm)

Equipped with: Lictor claws and talons

ABILITIES

Fear of the Unseen (Aura)
While an enemy unit is within 6" of this model, worsen the Leadership characteristic of models in that unit by 1. In addition, in the Battle-shock step of your opponent's Command phase, if such an enemy unit is below its Starting Strength, it must take a Battle-shock test.

Feeder Tendrils
Each time this model destroys an enemy Character model, you gain 1CP.

Hunter Organism
This model cannot be your Warlord

WEAPON RULES

PRECISION
While resolving attacks made with one or more [PRECISION] weapons, at the start of the Allocation Order step (05.03), if the target unit contains one or more CHARACTER models visible to one or more of the attacking models, the active player can select one allocation group that contains one of those visible CHARACTER models. If they do, until those attacks are resolved, or until that CHARACTER group is destroyed (whichever happens first), that CHARACTER group is the current allocation group.

CORE RULES

Fights First
While every model in a unit has this ability, that unit is a Fights First unit.
See the Resolve Fights First Combats step in the Fight phase (12.04).

Infiltrators
During deployment, if every model in a unit has this ability, it can be set up anywhere on the battlefield that is more than 8" horizontally from your opponent's deployment zone and all enemy units.

Lone Operative
Unless part of an attached unit, this unit is not visible to enemy models unless they are within 12" of this unit, and it cannot be targeted by [INDIRECT FIRE] weapons unless the attacking model is within 12" of this unit.
If this ability takes the form Lone Operative X", unless part of an attached unit, this unit is not visible to enemy models unless they are within X" of this unit, and it cannot be targeted by [INDIRECT FIRE] weapons unless the attacking model is within X" of this unit.

Stealth
If every model in a unit has this ability, each time a ranged attack targets that unit, that unit has the benefit of cover against that attack (13.08).

Synapse
If your Army Faction is TYRANIDS, while a TYRANIDS unit from your army is within 6" of one or more friendly SYNAPSE models, that TYRANIDS unit is said to be within Synapse Range of that model and of your army. While a TYRANIDS unit from your army is within Synapse Range of your army:

- Each time that unit takes a Battle-shock test, take that test on 3D6 instead of 2D6.
- Each time a model in that unit makes a melee attack, add 1 to the Strength characteristic of that attack.
