MOVEMENT

PREDATORY POUNCE

When: Your opponent's Movement phase, just after an enemy unit opens a Hatchway.

Target: One TYRANIDS unit from your army that is within 3" of that Hatchway and is not within Engagement Range of one or more enemy units.

Effect: Your unit can make a Pounce move. To do so, your unit can be moved up to 3", but must end that move as close as possible to that Hatchway. When doing so, those models can be moved within Engagement Range of that enemy unit, but only that enemy unit.

Target: One TYRANIDS unit from your army that was selected as the target of one or more of the attacking unit's attacks.

Effect: Until the end of the phase, each time a model in your unit is destroyed, if that model has not fought this phase, roll one D6. On a 5+, do not remove the destroyed model from play; it can fight after the attacking unit has finished making its attacks, and is then removed from play.
