Teleport Homer

At the start of the battle, you can set up one Teleport Homer token for this unit anywhere on the battlefield that is not in your opponent's deployment zone. If you do, once per battle, you can target this unit with the Rapid Ingress Stratagem for OCP, but when resolving that Stratagem, you must set this unit up within 3" horizontally of that token and not within 8" horizontally of any enemy models. That token is then removed.
