ABILITIES

CORE - Support

Martial Honour
(Once per battle, per unit) If this unit's melee attacks destroyed an enemy unit this phase, you can use this ability. If you do, until the end of the battle, this model has +5 OC.

Vengeful Exhortation
n the Fight phase, you can use this ability. If you do, when a model in this unit is destroyed, if this unit has not been selected to fight this phase, roll one D6:

- On a 4+, do not remove this model from the battlefield. When your unit has fought, or at the end of the phase (whichever comes first), this model is removed from the battlefield.

Leader
This model can be attached to the following units:
CRUSADER SQUAD, SWORD BROTHERS SQUAD

WEAPON ABILITIES

Lethal Hits
Each time an attack made with a [LETHAL HITS] weapon results in a critical hit, you can choose for that attack to automatically wound the target.
Designer's Note: Choosing to automatically wound the target means that no wound roll is made for that attack. You may decide against this, as it means that attack cannot result in a critical wound and so cannot trigger other abilities such as [DEVASTATING WOUNDS].

FACTION RULES

Combat Doctrines
At the start of your Command phase, you can select one Combat Doctrine listed below. If you do, that Combat Doctrine is active for friendly ADEPTUS ASTARTES units with this ability until the start of your next Command Phase
Assault Doctrine
When this unit is selected to make an Advance move, that Advance move does not prevent this unit from being eligible to declare a charge.
Devastator Doctrine
This unit's ranged attacks have [ASSAULT]
Tactical Doctrine
When this unit is selected to make a Fall-back move, that Fall-back move does not prevent this unit from being eligible to shoot and eligible to declare a charge.
Unless otherwise stated.
- You can only select each Combat Doctrine once per battle
- Only one Combat Doctrine can be active for each unit. If a rule make a Combat Doctrine active for a unit, any Combat Doctrine previously active for that unit is no longer active for that unit.

CORE RULES

Close-quarters
Units containing one or more models with a [CLOSE-QUARTERS] weapon can shoot using close-quarters shooting (10.06). When using another shooting type, for each model in that unit (excluding MONSTER/VEHICLE models), you can only select one of the following to make attacks with:
- One or more of its [CLOSE-QUARTERS] weapons.
- One or more of its other ranged weapons.

Support
Before the battle, in the Muster Armies step, for each leader and support unit in your army, you can select one friendly bodyguard unit that unit can lead. That unit will then lead that bodyguard unit for the battle and form an attached unit with it.
Unless otherwise stated, each bodyguard unit can only have one leader unit and one support unit attached to it.
