ABILITIES

**Damaged: 1-5 wounds remaining**

While this model has 1-5 wounds remaining, each time this model makes an attack, subtract 1 from the Hit roll.

**Gloom Rot**

Each time an attack targets this unit, if the Strength characteristic of that attack is greater than this unit's Toughness characteristic, subtract 1 from the Wound roll.

**Scuttling Walker**

Each time this model makes a Normal or Advance move, it can move over friendly MONSTER and VEHICLE models and terrain features that are 4" or less in height as if they were not there.

WEAPON ABILITIES

**Blast**

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

**Extra Attacks**

Each time a unit containing one or more models with an **[EXTRA ATTACKS]** weapon fights, those models will make attacks with those weapons in addition to any others. In the Select Weapons step (04.01), for each of those models, you must select:

- All of that model's **[EXTRA ATTACKS]** weapons.
- One of that model's other melee weapons, if possible.

**Indirect Fire**

Units containing one or more models with an **[INDIRECT FIRE]** weapon can shoot using indirect shooting (10.07).

**Lethal Hits**

Each time an attack made with a **[LETHAL HITS]** weapon results in a critical hit, you can choose for that attack to automatically wound the target.

*Designer's Note: Choosing to automatically wound the target means that no wound roll is made for that attack. You may decide against this, as it means that attack cannot result in a critical wound and so cannot trigger other abilities such as **[DEVASTATING WOUNDS]**.*

**KEYWORDS:** Vehicle, Walker, Chaos, Daemon, Nurgle, Soul Grinder, Nurgle non-Battleline, Shadow Legion  
**FACTION KEYWORDS:** Legiones Daemonica

## FACTION RULES

**The Shadow of Chaos**  
If your Army Faction is LEGIONES DAEMONICA, certain areas of the battlefield are considered to be within your army's Shadow of Chaos, as follows:

- Your deployment zone is always within your army's Shadow of Chaos.
- At the start of any phase, if you control at least half of the objective markers within No Man's Land, until the end of that phase, No Man's Land is within your army's Shadow of Chaos.
- At the start of any phase, if you control at least half of the objective markers within your opponent's deployment zone, until the end of that phase, your opponent's deployment zone is within your army's Shadow of Chaos.

**DAEMONIC MANIFESTATION**  
While a friendly LEGIONES DAEMONICA unit is within your army's Shadow of Chaos, each time that unit makes a battle-shock roll, that unit has +1 to that battle-shock roll and, if that roll is successful, one model in that unit heals D3 wounds (if that unit is a BATTLELINE unit and that roll is successful, up to D3 destroyed models (excluding CHARACTER models) can be returned to that unit instead).

**DAEMONIC TERROR**  
While an enemy unit is within your army's Shadow of Chaos and/or it is within 6" of one or more BLOODTHIRSTER, GREAT UNCLEAN ONE, KAIROS FATEWEAVER, KEEPER OF SECRETS, LORD OF CHANGE, ROTIGUS, SHALAXI HELBANE or SKARBRAND units from your army, each time that unit takes a Battle-shock test, subtract 1 from that test and, if that test is failed, that enemy unit suffers D3 mortal wounds.

**Warp Rifts**  
Each time a LEGIONES DAEMONICA unit from your army is set up on the battlefield using the Deep Strike ability, if it is set up wholly within your army's Shadow of Chaos, and/or if it is set up wholly within 6" of one or more friendly BLOODTHIRSTER, GREAT UNCLEAN ONE, KAIROS FATEWEAVER, KEEPER OF SECRETS, LORD OF CHANGE, ROTIGUS, SHALAXI HELBANE or SKARBRAND units with which it shares the KHORNE, TZEENTCH, NURGLE or SLAANESH keyword, it can be set up anywhere that is more than 6" horizontally away from all enemy models, instead of more than 8".

## CORE RULES

**Deadly Demise D3**  
This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").  
*Example: An Impulsor with a unit of Intercessors embarked within it is destroyed by ranged attacks. First, any unresolved attacks made by the attacking unit are resolved. Then the Intercessors make an emergency disembark move. Then the roll is made for the Deadly Demise ability, and on a 6, that ability is resolved. Finally, the Impulsor is removed from the battlefield.*

**Deep Strike**  
Each time this unit makes an ingress move (20.04), if every model in this unit has this ability, it can be set up anywhere on the battlefield that is more than 8" horizontally from all enemy units, even if that is within your opponent's deployment zone.
