Close combat weapon	Melee	2	3+	3	0	1

ABILITIES

- Aspect Shrine Token**
Once per battle for each Aspect Shrine token this unit has, you can change the result of one Hit roll or one Wound roll made for a model in this unit (excluding CHARACTER models) to an unmodified 6.
Designer's Note: Place an Aspect Shrine token next to the unit for each Aspect Shrine token it has, removing one each time this ability is used.
- Inescapable Accuracy**
Each time a model in this unit makes a ranged attack, you can ignore any or all modifiers to that attack's Ballistic Skill characteristic and any or all modifiers to the Hit roll.

WEAPON ABILITIES

- Blast**
Each time you gather attack dice for a [BLAST] weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form [BLAST X], each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.
Example: If a [BLAST 2] weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).
- Ignore Cover**
Each time an attack is made with an [IGNORES COVER] weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).
- Indirect Fire**
Units containing one or more models with an [INDIRECT FIRE] weapon can shoot using indirect shooting (10.07).

Lethal Hits

Each time an attack made with a [LETHAL HITS] weapon results in a critical hit, you can choose for that attack to automatically wound the target.

Designer's Note: Choosing to automatically wound the target means that no wound roll is made for that attack. You may decide against this, as it means that attack cannot result in a critical wound and so cannot trigger other abilities such as [DEVASTATING WOUNDS].
