ABILITIES						
-----------	--	--	--	--	--	--

CORE - Leader

- Burning Lance**
While this model is leading a unit, add 6" to the Range characteristic of **Melta** weapons equipped by models in that unit.
- Unquenchable Resolve**
The first time this model is destroyed, at the end of the phase, roll one D6. On a 2+, set this model back up on the battlefield as close as possible to where it was destroyed and not within Engagement Range of one or more enemy units, with its full wounds remaining.
- Leader**
This model can be attached to the following unit:
- Fire Dragons

WEAPON ABILITIES	
Assault	Units containing one or more models with an [ASSAULT] weapon can shoot using assault shooting (10.05).
Melta	This ability always takes the form [MELTA X] . Each time a model makes an attack with a [MELTA] weapon, if the target unit was within half range of that weapon in the Select Targets step, until the attacking unit's attacks have been resolved, add X to that weapon's D characteristic. <i>Example: A model targets a unit that is within half range of a [MELTA 2] weapon with a D characteristic of D6. While resolving those attacks, that weapon has a D characteristic of D6+2.</i>
Sustained Hits	This ability always takes the form [SUSTAINED HITS X] . Each time an attack made with a [SUSTAINED HITS] weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X. <i>Example: An attack made with a [SUSTAINED HITS 2] weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the [SUSTAINED HITS 2] ability).</i>

CORE RULES

Leader
Before the battle, in the Muster Armies step, for each leader and support unit in your army, you can select one friendly bodyguard unit that unit can lead. That unit will then lead that bodyguard unit for the battle and form an attached unit with it. Unless otherwise stated, each bodyguard unit can only have one leader unit and one support unit attached to it.
