Scorpion chainsword SUSTAINED HITS 1	Melee	4	3+	4	-1	1
Scorpion's claw	Melee	3	3+	8	-2	2

ABILITIES

Aspect Shrine Token

Once per battle for each Aspect Shrine token this unit has, you can change the result of one Hit roll or one Wound roll made for a model in this unit (excluding CHARACTER models) to an unmodified 6.

Designer's Note: Place an Aspect Shrine token next to the unit for each Aspect Shrine token it has, removing one each time this ability is used.

Mandiblasters

Each time a model in this unit makes a melee attack, if it made a Charge move this turn, an unmodified Hit roll of 5+ scores a Critical Hit.

WEAPON ABILITIES

Assault

Units containing one or more models with an [ASSAULT] weapon can shoot using assault shooting (10.05).

STRIKING SCORPIONS 75–145 PTS

Pistol

[PISTOL] and [CLOSE-QUARTERS] are identical for all rules purposes.

Units containing one or more models with a [CLOSE-QUARTERS] weapon can shoot using close-quarters shooting (10.06). When using another shooting type, for each model in that unit (excluding MONSTER/VEHICLE models), you can only select one of the following to make attacks with:

- One or more of its [CLOSE-QUARTERS] weapons.
- One or more of its other ranged weapons.

Sustained Hits

This ability always takes the form [SUSTAINED HITS X]. Each time an attack made with a [SUSTAINED HITS] weapon results in a critical hit, that attack results in a number of additional hits on the target as denoted by X.

Example: An attack made with a [SUSTAINED HITS 2] weapon results in a critical hit. That attack therefore hits the target three times (once from the critical hit, and twice more from the [SUSTAINED HITS 2] ability).

Twin-linked

Each time an attack is made with a [TWIN-LINKED] weapon, you can re-roll the wound roll.

CORE RULES

Infiltrators

During deployment, if every model in a unit has this ability, it can be set up anywhere on the battlefield that is more than 8" horizontally from your opponent's deployment zone and all enemy units.

Scouts 7"

This ability always takes the form Scouts X". In the Resolve Pre-battle Abilities step, if every model in a unit has this ability, you can do one of the following:

- If that unit is in strategic reserves, you can set up that unit anywhere that is wholly within your deployment zone.
- If that unit is wholly within your deployment zone, it can make a scout move.
- If that unit is embarked within a DEDICATED TRANSPORT that is wholly within your deployment zone, and if every model embarked within that DEDICATED TRANSPORT has the Scouts ability, that DEDICATED TRANSPORT can make a scout move.

Stealth

If every model in a unit has this ability, each time a ranged attack targets that unit, that unit has the benefit of cover against that attack (13.08).
