ABILITIES

- Heroic Fusillade**  
Once per turn, after one model from your army with this ability has shot, you can select one INFANTRY unit hit by one or more of those attacks. That unit must take a Battle-shock test.
- Hypersensory Abilities**  
Once per turn, in your opponent's Movement phase, when an enemy unit ends a Normal, Advance or Fall Back move within 8" of this model, if this model is not within Engagement Range of one or more enemy units, it can shoot at that unit as if it were your Shooting phase and then make a Normal move of up to D6" (it cannot embark within a Transport as part of this move).

WEAPON ABILITIES

- Devastating Wounds**  
Each time an attack made with a [DEVASTATING WOUNDS] weapon results in a critical wound, the attack sequence for that attack ends and the target unit suffers a number of mortal wounds equal to the D characteristic of that weapon. These are inflicted after resolving any normal damage inflicted by those attacks.  
  
Mortal wounds inflicted by [DEVASTATING WOUNDS] weapons can damage a maximum of one model for each critical wound; any remaining mortal wounds inflicted by that attack are lost.  
  
*Example: An attack made with a [DEVASTATING WOUNDS] weapon with a D characteristic of 3 results in a critical wound against an Intercessor Squad, so inflicts 3 mortal wounds. The first 2 mortal wounds are sufficient to destroy 1 Intercessor model, so the remaining mortal wound is lost.*
- Pistol**  
[PISTOL] and [CLOSE-QUARTERS] are identical for all rules purposes.  
  
Units containing one or more models with a [CLOSE-QUARTERS] weapon can shoot using close-quarters shooting (10.06). When using another shooting type, for each model in that unit (excluding MONSTER/VEHICLE models), you can only select one of the following to make attacks with:  
  - One or more of its [CLOSE-QUARTERS] weapons.
  - One or more of its other ranged weapons.

CORE RULES

- Lone Operative**  
Unless part of an attached unit, this unit is not visible to enemy models unless they are within 12" of this unit, and it cannot be targeted by [INDIRECT FIRE] weapons unless the attacking model is within 12" of this unit.  
  
If this ability takes the form Lone Operative X", unless part of an attached unit, this unit is not visible to enemy models unless they are within X" of this unit, and it cannot be targeted by [INDIRECT FIRE] weapons unless the attacking model is within X" of this unit.

AUFSTELLUNG

1x Kelermorph (32mm)

Equipped with: Liberator autostubs, Close combat weapon

KEYWORDS: Kelermorph, Infantry, Character, Great Devourer

FACTION KEYWORDS: Genestealer Cults
