➤ Hellforged weapons - sweep LETHAL HITS	Melee	14	2+	6	-1	1

ABILITIES

Death Guard Defenders

While this model is within 3" of one or more friendly Death Guard Infantry units, this model has the Lone Operative ability.

Fevered Strategist

Once per Battle Round, one model from your army with this ability can use it when a friendly Death Guard unit within 12" of that model is targeted with a Stratagem. If it does, reduce the CP cost of that Stratagem by 1CP.

Miasma of Pestilence (Aura)

While a friendly Death Guard unit is within 6" of this model, each time a ranged attack targets that unit, models in that unit have the Benefit of Cover against that attack.

WEAPON ABILITIES

Lethal Hits

Each time an attack made with a **[LETHAL HITS]** weapon results in a critical hit, you can choose for that attack to automatically wound the target.

Designer's Note: Choosing to automatically wound the target means that no wound roll is made for that attack. You may decide against this, as it means that attack cannot result in a critical wound and so cannot trigger other abilities such as [DEVASTATING WOUNDS].

AUFSTELLUNG

1x Daemon Prince of Nurgle
Equipped with: Infernal cannon, ► Hellforged weapons - strike, ► Hellforged weapons - sweep

KEYWORDS: Monster, Character, Chaos, Nurgle, Daemon, Daemon Prince
FACTION KEYWORDS: Death Guard

Nurgle's Gift (Aura)

If your Army Faction is DEATH GUARD, while an enemy unit is within Contagion Range of one or more Death Guard units from your army, it is Afflicted.

CONTAGION RANGE

1st Battle Round: Contagion Range = 3"

2nd Battle Round: Contagion Range = 6"

3rd Battle Round Onwards: Contagion Range = 9"

Contagion Range cannot be greater than 12" after modifiers.

AFFLICTED

During the Declare Battle Formations step, select one of the Plagues below. Until the end of the battle, while an enemy unit is Afflicted, subtract 1 from the Toughness characteristic of models in that unit, and that unit has the effect of your chosen Plague.

Skullsquirm Blight

Each time a model in this unit makes a melee attack, subtract 1 from the Hit roll.

Rattlejoint Ague

Worsen the Save characteristic of models in this unit by 1.

Scabrous Soulrot

Worsen the Move, Leadership and Objective Control characteristics of models in this unit by 1 (this rule can only worsen a model's Objective Control characteristic to a minimum of 1).

CORE RULES

Deadly Demise D3

This ability always takes the form Deadly Demise X. Each time a model in this unit is destroyed, after the units embarked within it (if any) have made their emergency disembark moves, roll one D6. On a 6, that model suffers a deadly demise; each unit within 6" of that model suffers a number of mortal wounds denoted by X (if this is a random number, roll separately for each unit within 6").

Example: An Impulsor with a unit of Intercessors embarked within it is destroyed by ranged attacks. First, any unresolved attacks made by the attacking unit are resolved. Then the Intercessors make an emergency disembark move. Then the roll is made for the Deadly Demise ability, and on a 6, that ability is resolved. Finally, the Impulsor is removed from the battlefield.
