ABILITIES

CORE - Support

Martial Honour
The first time a model in this model's unit makes a melee attack that destroys one or more enemy units, until the end of the battle, while this model's unit is not Battle-shocked, add 5 to this model's Objective Control characteristic.

Vengeful Exhortation
While this model is leading a unit, each time a model in that unit is destroyed by a melee attack, if it has not fought this phase, roll one D6: on a 4+, do not remove it from play, the destroyed model can fight after the attacking unit has finished making its attacks, and is then removed from play.

Leader
This model can be attached to the following units:

- Crusader Squad
- Sword Brethren Squad

You can attach this model to one of the above units even if one Captain, Chapter Master, Execrator or Lieutenant model has already been attached to it. If you do, and that Bodyguard unit is destroyed, the Leader units attached to it become separate units, with their original Starting Strengths.

WEAPON ABILITIES

Lethal Hits
Each time an attack made with a **[LETHAL HITS]** weapon results in a critical hit, you can choose for that attack to automatically wound the target.
Designer's Note: Choosing to automatically wound the target means that no wound roll is made for that attack. You may decide against this, as it means that attack cannot result in a critical wound and so cannot trigger other abilities such as [DEVASTATING WOUNDS].

CORE RULES

Support
Before the battle, in the Muster Armies step, for each leader and support unit in your army, you can select one friendly bodyguard unit that unit can lead. That unit will then lead that bodyguard unit for the battle and form an attached unit with it.
Unless otherwise stated, each bodyguard unit can only have one leader unit and one support unit attached to it.
