ABILITIES

Canoptek Retinue
At the start of the Declare Battle Formations step, this unit can join one other unit from your army that is being led by a Cryptek model (a unit cannot have more than one Tomb Crawlers unit joined to it and cannot have both a Tomb Crawlers and a Cryptothralls unit joined to it). If it does, until the end of the battle, every model in this unit counts as being part of that Bodyguard unit, and that Bodyguard unit's Starting Strength is increased accordingly.

Weapon Sentinels
Each time a model in this unit makes a ranged attack that targets a unit within 12", you can ignore any or all modifiers to the following: that attack's Ballistic Skill characteristic; the Hit roll; the Wound roll.

WEAPON ABILITIES

Lethal Hits
Each time an attack made with a [LETHAL HITS] weapon results in a critical hit, you can choose for that attack to automatically wound the target.
Designer's Note: Choosing to automatically wound the target means that no wound roll is made for that attack. You may decide against this, as it means that attack cannot result in a critical wound and so cannot trigger other abilities such as [DEVASTATING WOUNDS].

Twin-linked
Each time an attack is made with a [TWIN-LINKED] weapon, you can re-roll the wound roll.

FACTION RULES

Reanimation Protocols
If your Army Faction is NECRONS, at the end of your Command phase, each friendly unit with this ability that is on the battlefield activates its Reanimation Protocols:
- When a unit's Reanimation Protocols activate, that unit heals D3 wounds.
