ABILITIES

CORE - Deadly Stalkers

RULES - Infiltrators, Scouts 7"

Deadly Stalkers

Each time a model in this unit makes an attack that targets an enemy unit, if there are no other units from your opponent's army within 6" of that target, add 1 to the Wound roll.

Haywire Mine

Once per battle, at the start of any phase, you can select one enemy unit within 3" of the bearer and roll one D6: on a 2+, that enemy unit suffers D3 mortal wounds, or 2D3 mortal wounds instead if it is a Vehicle unit.

Hunting Hounds

While this unit is within 6" of one or more friendly Space Wolves Character models (excluding Wulfen models), if this unit is not Battle-shocked, Hunting Wolves models in this unit have an Objective Control characteristic of 1.

WEAPON RULES

Blast

Each time you gather attack dice for a **[BLAST]** weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form **[BLAST X]**, each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

*Example: If a **[BLAST 2]** weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).*

Precision

While resolving attacks made with one or more **[PRECISION]** weapons, at the start of the Allocation Order step (05.03), if the target unit contains one or more CHARACTER models visible to one or more of the attacking models, the active player can select one allocation group that contains one of those visible CHARACTER models. If they do, until those attacks are resolved, or until that CHARACTER group is destroyed (whichever happens first), that CHARACTER group is the current allocation group.

Psychic

Each time an attack is made with a **[PSYCHIC]** weapon, you can ignore any or all modifiers to that attack's BS or WS characteristic and any or all modifiers to the hit roll. Attacks made with **[PSYCHIC]** weapons are known as **psychic** attacks (this can be important for the triggering of other rules).
