ABILITIES

RULES - Deadly Demise 1

Buzzer Squigs

In your Shooting phase, after this model has shot, select one enemy unit (excluding MONSTERS and VEHICLES) hit by one or more of those attacks made with squig-launchas and roll one D6; on a 4+, until the end of your opponent's next turn, that enemy unit is hindered. While a unit is hindered, subtract 2" from its Move characteristic and subtract 2 from Advance and Charge rolls made for it.

Squig Mine

Once per battle, at the start of any phase, select one enemy unit within 3" of this model and roll one D6: on a 4+, that enemy unit suffers D6 mortal wounds.

Designer's Note: Place a Squig Mine token next to the model, removing it once this ability has been used.

WEAPON RULES

Assault

Units containing one or more models with an [ASSAULT] weapon can shoot using **assault** shooting (10.05).

Blast

Each time you gather attack dice for a [BLAST] weapon, add one additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down). If this ability takes the form [BLAST X], each time you gather attack dice for such a weapon, add X additional attack dice for every five models that were in the target unit in the Select Targets step (rounding down) instead.

Example: If a [BLAST 2] weapon with an A characteristic of 3 targets a unit containing 12 models, you would gather four additional attack dice for that weapon (for a total of seven for that weapon).

Ignores Cover

Each time an attack is made with an [IGNORES COVER] weapon, the target cannot have the benefit of cover against that attack (13.08), including from rules that give a model or unit the benefit of cover (e.g. Stealth).

Indirect Fire

Units containing one or more models with an [INDIRECT FIRE] weapon can shoot using indirect shooting (10.07).
